

Physics 4999
Honors Thesis Project

Thesis resubmission approval form

**** To be used ONLY IF revisions are required by thesis readers ****

Student name: Jamie Graham

Thesis title: Spectral stability regimes
of the water wave problem

Please ask your supervisor to complete and sign this document as below:

- ☒ **I have read the readers' comments to my student's thesis**
- ☐ I have *not* read the readers' comments to my student thesis (*student will not be allowed to resubmit their thesis*)
- ☐ I have helped my student to write the rebuttal to the readers' comments (*not mandatory, but recommended*)
- ☒ **I have read the rebuttal to the readers' comments written by my student** (*mandatory, otherwise student will not be allowed to resubmit their thesis*)
- ☒ I approve the resubmission of my student's written report (thesis)
- ☐ I do *not* approve the resubmission of my student's written report (thesis)

Reason for *not* approving thesis re-submission: _____

Supervisor's signature: Trichtchenko Date Tue/ Apr 27
2021

NOTE: Students are required to print this document, show it to their supervisor, and attach a scanned copy of the signed document to the PDF file of their thesis. If thesis revisions and a rebuttal have been requested, their preparation must be overviewed by your supervisor. Thesis can be resubmitted without reading and/or approval from supervisor, but thesis readers will be notified.
